

# CLIMAR and MARCDAT

- Four meetings, 1999, 2002, 2003, 2005
- Meetings a key output of ETMC
- Valuable get-together for those working on and using climate datasets
- Next meeting (CLIMAR3) 2008 in Poland
- Information hosted on ICOADS website and on [www.marineclimatology.net](http://www.marineclimatology.net) wiki

# Questions for ETMC

- Any general comments on the meeting series?
- Is the membership of the organising committee for CLIMAR3 OK?
- Structure, content and planning for CLIMAR3?
- Are the outcomes adequately disseminated?
  - Can we improve dissemination?
  - Is the wiki [www.marineclimatology.net](http://www.marineclimatology.net) a good method of collecting and sharing data?
